Dear Sir;-

I thank you for sending to me the two books of your compilation of Mexican songs, and while they are all new except perhaps one, I find that they are excellent, and know that all my friends will enjoy them, You are certainly to be congratulated on getting up something like them, for they are gradually dying out, unless someone will take up the work of getting them together.

Enclosed please fi nd my check for $3.00 in payment for them, and again thanking you,

I am

Very sincerely yours
